

Item Code: PPGWR 8 mil Elite Glossy Poly Pro

Our Elite 100% polypropylene is our highest performing film banner. It's superior tear resistance and the microporous coating give it the ability to reproduce photo quality images and make this the ideal media for indoor signage. Use with dye or pigment aqueous inks. Requires no lamination unless higher protection is needed.

- Water resistant with dye & pigment inks
- High color gamut with rapid drying times
- High gloss, professional finish
- Extremely tear resistant

Applications

- POP Display
- Indoor Banner
- Photo Reproduction

Physical Specifications

Storage	Indoor, 1 yr. between 50-80°
Life Expectancy	Indoor 6 mo./outdoor 3 mo.

This product has been tested with Que Media, Millennium laminates. Pressure sensitive laminates provide the most aggressive bond and are recommended for use with this product. Lamination will help to extend the life of your print by reducing the rate of fade and protect against abrasion. Life extension varies due to climate and environment conditions.
