

Item Code: HDFD 7 mil High Rolling Matte Block-Out Film

High Rolling Matte is a 100% PET film with a water resistant coating that allows for heavy ink saturation for bold, beautiful prints. Black back block-out for 100% opacity . The 7 mil weight and anti-curl characteristics make this the ideal media for retractable banner stands.

- Front print, black back block-out
- High image resolution & vivid color
- Matte, highly water resistant finish
- Compatible with dye, pigment, and latex inks

Applications

- Retractable Banner Stands
- Tradeshow Booths Graphics
- POS Display & Retail

This product has been tested with Que Media, Millennium laminates. Pressure sensitive laminates provide the most aggressive bond and are recommended for use with this product. Lamination will help to extend the life of your print by reducing the rate of fade and protect against abrasion. Life extension varies due to climate and environment conditions.
