We've Got You Covered!

For over 20 years, Que Media, Inc has grown to become an established global manufacturer of coated Aqueous, Solvent/Eco-Solvent, Latex, UV, and Color Laser printable media for display graphics, point-of-sale advertising, and photo reproduction.

Our expertise has been most influential in the wide format and color laser industries. With regards to the wide format marketplace; we currently coat substrates such as PP, PVC, PU, BOPP, PET, Fabrics, Banner Material, and other Hybrid films in addition to a full line of pressure sensitive laminates. In the color laser and narrow format digital print market, we have set the industry standard for excellence

through our innovative coatings on polyester shelf strips, cooler door stickers, proprietary hybrid films and more. Our die-cutting facility has given us limitless possibilities with custom cut designs, so you can have a robust line for your customers. Allow our expertise to help fill your digital media needs through our brilliant customer service, and high-tech coating & die cutting facility.

Que Media's new state of the art software allows us to ship orders direct from our coating facility or our distribution center located in Corona, California. We look forward to building new partnerships and the opportunity to create your private label or fulfill your OEM needs.

NEW Wide Format Media! From Que's Magnate Line
